CWI ADMITTED STUDENTS – CLINICAL PROGRAMS

All students admitted to College of Western Idaho clinical programs are required to have a “clean” background check for admission. All students are admitted to the program conditionally until background check results are reviewed. Students are responsible for requesting the background check, paying for the background check, and handling any disputed results directly with the background check company. Background checks performed for previous employment cannot be used for admission to College of Western Idaho.

PROCEDURE FOR REQUESTING A BACKGROUND CHECK

CLEAN BACKGROUND CHECK

If the check does not contain any disallowable crimes, the student will be fully admitted to the program. The background check is good for a one (1) year period as long as the student does not stop progression. If any lapse in progression for more than 11 months will require a repeat background check for re-admission. The student is responsible for requesting and paying for the repeat check.

DISPUTE RESULTS OF BACKGROUND CHECK

If a student disputes the results of the background check, he/she should dispute that directly with the company. If the dispute is resolved, the student may request readmission to the department. Requests will be handled on an individual basis and are dependent on space availability.

FILE A GRIEVANCE

If the student believes the crime discovered and/or the time frame of commission of the crime does not warrant exclusion from the program, the student is to make an appointment with the individual Program's Department Chair (or designee). The student is to present their case in writing during the appointment. The student will be notified of a final decision.
