Academic standing are applied for the fall and spring semesters for degree-seeking students.

To be in Good Academic Standing status at College of Western Idaho (CWI), a student must have a cumulative CWI grade point average (GPA) of 2.00 or above. A student who enrolls under an Academic Warning status and does not earn at least a 2.00 GPA for that specific semester (Term GPA) is placed on ***Academic Contract*** status.

Students who wish to enroll with Academic Contract status are required to meet with their advisor to create an Academic Contract. The primary objective of this contract is to assist the student in repairing their academic standing and to provide support services. The advisor may require restrictions as a part of this contract such as enrollment level, course choice, course modality, etc.

A student on Academic Contract will return to Good Standing once their most recent Term GPA returns to a 2.00 or higher **and** their cumulative GPA returns to a 2.00 or higher. A student on Academic Contract will continue on Academic Contract when their most recent Term GPA is 2.00 or higher, but their cumulative GPA remains below a 2.00 (successful contract).

If a student, while on Academic Contract, earns a Term GPA below a 2.00 (unsuccessful contract) the student will have a status of Academic Suspension and will be academically suspended from school for the next enrollment term (excluding summer).

A student on Academic Contract status must contact their advisor to participate in the Academic Contract process in order to enroll in classes. Academic Contract Agreements must be completed by the end of the semester registration period. While on contract, a student is unable to register for courses without the assistance of an academic advisor and may not do so after the published registration deadline in the academic calendar.
