College of Western Idaho (CWI) offers you the opportunity to complete what has traditionally been referred to as your General Education or core classes and earn a college certificate in the process. What's great about this certificate is that you can transfer to any Idaho public university or college, and the credits you earned will fulfill general core classes there.

You can earn the General Education Academic certificate by itself or along with your degree. Transferring is made simpler because you have a designation on your transcript that you have completed the General Education program.

This General Education Academic Certificate consists of 36 credits.

Areas you will study:

- Ethical Reasoning
- Global Perspectives
- Written Communication
- Oral Communication
- Mathematics
- Science
