PREREQUISITE COURSE TRANSFER REQUEST

- Please list the courses you have completed during your first bachelor's degree that you anticipate are prerequisites for courses in your second degree, or that are prerequisites for a specific course you would like to take. For example, if you need to take BIOL 228 for your program, and you took the equivalent of BIOL 227 at a previous school, list the course you took, the school you took it from, and note that you believe it is equivalent to BIOL 227.
- General Education requirements have been satisfied through the completion of the conferred bachelor's degree and will not be evaluated, unless a course is needed for admissions to a specific program.

EXAMPLE:

Institution	Course #	Course Title	CWI Equivalent
Idaho State University	BIOL 3301	Anatomy & Physiology	BIOL 227

Courses that are evaluated as equivalent to CWI courses will appear on your transcript as transfer credit, and will be recognized by the system when you register. The courses will not affect your cumulative totals on your official transcript.
