# High School Schedule

## INSTRUCTIONS

✔ *Fill out your remaining high school schedule on the following pages.*

We recommend that you schedule an appointment with your high school counselor to confirm the courses you still need to complete in order to graduate from high school, as well as which semesters you will be completing those courses.

- If you check the "YES" checkbox for a dual credit course, you must list the following course information being taught at your high school or IDLA: 1) College, 2) Subject, and 3) Course Number (example: BSU ENGL 101).
- Only include the *minimum* courses required to graduate from high school. Your CWI Dual Credit Advisor will add the additional college courses required for a degree to your Degree Plan.
- Include your semester schedule for the *current* academic year through graduation. For example, if you are currently a sophomore, include your course schedule for the fall and spring semesters of your sophomore, junior, and senior years of high school.
