

# High School Teacher Cyber Training Workshop

## LEARN NEW CYBER SKILLS

High school teachers are invited to join College of Western Idaho's (CWI) Cyber Defense Center for this workshop covering cybersecurity content that can be taught in high schools, an overview of cybersecurity elements, and principles of good cyber hygiene. There will be lab elements to practice what is being delivered, and teachers will be able to use content from this workshop in any of their technology courses. Those who are interested may also learn about setting up Dual Credit offerings with CWI.

**Date:** June 20 – 23

**Time:** 9 a.m. – 5 p.m.

**Location:** Ada County Center Pintail Building

**Register:** [tinyurl.com/cwi-high-school-cyber-training](https://tinyurl.com/cwi-high-school-cyber-training)

June  
**20 – 23**  
2023

### FIVE GREAT Reasons to Attend!

- Stipend of \$1600 for attendance
- Only 10 spots are available
- Meets state-approved Cybersecurity high school teaching standards
- Hands-on lab activities
- Learn about dual credit opportunities
