

EXAMPLE

✓ **1ST COLUMN: High School (HS) classes**

- Please list high school **only** classes in the first column. These classes are NOT for college credit, but will help our Dual Credit department know the student's high school schedule. If you are not sure which class will be applied to what semester, please list something similar to the example below: "HS ECON or SCI" etc.

✓ **2ND COLUMN: Dual Credit (DC) classes**

- Please list the classes that will be taken at the high school campus for dual credit. If it is a year-long class, please indicate this in the following semester. Example: **DC ENGL 101 (cont.)**

✓ **3RD COLUMN: College classes**

- Please list any courses taken, or that you plan on taking, directly through a college **AND** indicate the college where the credit was, or will be, earned
